## eCLASS Cyber Day Parent Guide

### Cyber Day Information

The 2016-2017 GCPS calendar has three designated inclement weather make-up days: February 10, March 10, and March 31. As a reminder, these dates are currently scheduled as student holidays, and will become official school days in the event we miss school due to inclement weather. Should GCPS have a fourth or subsequent day of school closure, it is likely we will implement a new and innovative approach to making up select school days, referred to as, Cyber Learning Days.

In the event GCPS conducts a Cyber Learning Day, students should visit their teachers' eCLASS Course Pages for information about completing assignments.

Information regarding Cyber Day assignments will be posted in each teacher's News tool by the following times:

- ❄️ High School – 8:00 a.m.
- ❄️ Elementary Schools – 9:20 a.m.
- ❄️ Middle Schools – 10:00 a.m.

Teachers will be available throughout the day to answer questions. Information regarding teacher availability will be posted in the News tool.

Students will be allowed two days for each day missed after returning to school to complete and turn in assignments.
